“Become the master jumper of all time.”

Hopply

GAME HOPPLY

EASY, CATCHY, PLATFORMER GAME FROM CLAY.

Become the master jumper of all time. Hooply! It is a 2D casual platformer game with handmade graphics from clay. Clay makes the specific and quirky atmosphere of the game. Simple and catchy gameplay tests your patience, tactics and timing skills. Collect as many gold nuggets as you can and unlock new themes. Game always rewards you with new catchy quests and avatars you can play with.

ABOUT THE GAME

Hopply is a little explorer. He often travels alone, but sometimes he gets on the path of an adventure in which he finds new friends. Hopply passes through various lands that are hard to imagine. Along the way, he faces a number of obstacles and enemies. He must gradually avoid them in order to get his magic flower. And now, our first common plasticine adventure can begin.

CLAYBURGER STUDIO

Clayburger is a small game studio based in Prague in Czech republic. We are a team made by enthusiastic people who really love games and tech. We also love independence and freedom, that is why we have members of our team in the whole Czech republic a Slovakia. We want to create simple casual games that are easy to play and hard to master. Unique feature of our work is that we create games from plasticine. Creating a game from plasticine from A to Z is an extremely demanding and very laborious process. Much of the preparation takes place on the "desk" and then on the computer. Hopply is our first original title released for Android and IOS devices currently this year 2020. We believe that our games will be loved by the gaming community, especially platformer lovers.
